To help passengers save money and to encourage more people to use the buses, the £2 cap on single fares has been extended for three months up to the end of June. Many of us have free bus passes but they are not valid before 09.30 Monday to Fridays so the £2 fare could be useful if one has to travel earlier. On the subject of bus passes, if your pass is due to expire and has been used within the previous 12 months, it will automatically be renewed and sent to your address. If you have not used it, you can renew online up to 42 days before its expiry date. There is an information line on 0345 600 0659. During a recent three day closure of Bucklesham Road (near Hillside Hens), it was noted that the 73 bus was diverted along Innocence Lane and continued past Trimley school heading for Felixstowe avoiding Kirton. Reportedly, the drivers were instructed not to go into the village where they could have turned around at the Green. I requested Suffolk County Council to take up the issue with the bus company, First. The response was as follows - 'It was considered a few years ago that turning around on the Green was deemed unsafe, even with a small bus' It appears that their website was not updated and they have apologised. This is something to bear in mind in the event of future road closures in /around the village. There were also other issues taken up with SCC and First. If you become aware of any problems, cancellations etc please let me know as soon as possible as It is always easier to investigate incidents with the specific date/s and time/s of journey. Tom Hatrick March 2023
